16. ABSTRACT

This document is a directory of Federal Noise Personnel engaged in noise abatement and noise research activities. Its purpose is to facilitate communication among members of the Federal Noise Community. The Environmental Protection Agency is publishing it in partial fulfillment of its responsibilities under Section 4 of the Noise Control Act of 1972 (PL 92-574).

PREFACE

How to Use this Document

The directory contains three indexes to aid in locating Federal Personnel and organizations with activity or expertise in noise related fields:

- an alphabetical index of names and telephone numbers of Federal noise personnel . . . . . Section 2
- an organizational index listing known Federal organizations involved in noise, their noise related activities and the names, phone numbers and job titles of their personnel. . . . . Section 3
- a geographical index listing of known Federal noise people included within the geographical boundaries of the standard Federal regions. (Washington, D.C. Headquarters personnel are not included) . . . . . Section 4

The purpose of the directory is to facilitate communication among members of the Federal Noise Community. The Environmental Protection Agency is publishing it in partial fulfillment of its responsibilities under Section 4 of the Noise Control Act of 1972 (PL 92-574).

Feedback from Readers Needed

Please take a minute now to verify any entries that mention you and to use the User Response Form inside the back cover to send us additions, corrections and comments for the next edition. (The directory will be updated annually.)

APPENDIX A. User Response Form A-1

SECTION 1
INTRODUCTION

INTRODUCTION

Purpose and Scope of this Document

The Congress, in recognition of the need for coordination within this community, directed the Environmental Protection Agency to undertake a program to coordinate Federal noise programs pursuant to Section 4 of the Noise Control Act of 1972 (PL92-574). Since effective coordination requires good communication, the EPA has prepared this directory for use as a tool to that end. This document is intended for use by the members of the Federal Noise Abatement and Research Community in identifying and contacting each other.

The first edition of this Directory includes information on persons with disciplines in noise control engineering, health effects science, hearing conservation, law, land use planning, and noise abatement policy making. Federal personnel involved in activities relating to other noise research and control will be considered for inclusion in future editions of this document.

How This Document Was Compiled

Sources for this directory included available noise contact lists as well as published personnel directories. The following DoD directories were particularly helpful:

- "Directory of Department of Defense Contacts on Airborne Acoustics"
- "Directory of Federal Contacts on Environmental Protection"

In addition, numerous individuals were contacted by telephone for information. In many cases written inputs were furnished.

Comments From Readers

The directory will be updated annually. As mentioned in the Preface, users

of the directory should use the user response form at the back of the directory.

All comments are welcome and should be sent to:

SECTION 4
GEOGRAPHICAL INDEX

STANDARD REGIONAL BOUNDARIES
TEN REGIONS

GEOGRAPHICAL INDEX

This index reflects the geographical locations of the noise personnel listed in the other sections. Since many agencies are now organized in conformance with the standard Federal regions, this organization was followed for this section of the directory. It should be emphasized that not all agencies are organized in this way. This portion of the directory contains names of personnel located in field offices and headquarters offices located outside of Washington, D.C.

APPENDIX A
USER RESPONSE FORM

Cut here, fold, and staple

DIRECTORY USER RESPONSE FORM:
"WHO'S WHO IN FEDERAL NOISE PROGRAMS"

This form is designed to give directory users an opportunity to provide comment and input to this publication. Pelase feel free to elaborate in the space provided under No. 3. This form can also be used to provide changes to current listings or new listings for future editions.

Comments:

1. Noise control activities are _____% of my job.

2. How have you used the directory?

   ☐ General Information
   ☐ For identification of agencies involved in noise
   ☐ Did not use
   ☐ Other _____
   ☐ As a reference to specialists
   ☐ As a reference to geographical dispersion of Federal noise work

3. Specific comments and suggestions: _____

Further Input:

4. This is a ☐ New listing ☐ Change to a current listing

Name _____

Organization _____

Sub Organization _____

Address _____

Commercial phone number (include area code) _____

Position _____

Sub organization's noise activities _____

POSTAGE AND FEES PAID
